Hospital Adds New Equipment

Elba General Hospital is progressing by leaps and bounds. Within the last month two additions have been made to the Respiratory Therapy Department that will help increase the quality of medical care offered to the community.

One addition is that of an Arterial Blood Gas Analyzer. This sophisticated instrument is capable of supplying accurate measurements of the amounts of oxygen and carbon dioxide in the blood, as well as other important data, all of which is an important diagnostic tool for the physician.

The second addition is that of a new department head for Respiratory Therapy. Mr. Noel D. Falls took over department responsibilities on September 27, 1976, and has been working in close conjunction with the doctors and nursing staff at Elba General to assure that quality respiratory care can be offered to the patients. Mr. Falls is thoroughly trained in the field of respiratory therapy and can supply all therapeutic measures ordered by the physicians for their patients.

City Council Continues To Support Jail Plan

The Elba City Council met again this week for the express purpose of "getting some things out of the way." The meeting was held on Monday night rather than Tuesday because the Water and Electric Board had a Tuesday meeting. All members were present for the meetings.

The meeting was opened with a prayer by Councilman John W. Sharpless. Police Chief Johnston gave a year-end report on the activities of his department. He reported a considerable decrease in crimes locally and a very high rate of solving those crimes that do occur. During the report the council took to explain his operation to the new city officials. Also, the machine presently used for testing drinking drivers (the drunk machine) was approved for continued use.

Bill McGuire appeared before the council and suggested that the City plan to help each year with the expenses of the girls representing Elba as Miss Elba in the National Peanut Festival. He was told that it was not a City of Elba affair; but two councilmen were appointed to look into the matter. Councilman Sharpless and Jimmy Wise were assigned to the committee.

Charles Jackson asked for immediate relief on a drainage problem in the area of his florist. He said heavy rains cause flooding in his building. He proposed the cleaning of a drainage ditch. Mayor Bob Folson appointed Councilman Mike Russell to set up a meeting with the Elba street superintendent and a representative of the Alabama Highway Department.

Councilman Wise was appointed to work closely with the local hospital and the medical clinic committee. This was in response to a request from the hospital board.

Mrs. Maie Bruce was appointed to be Elba Housing Authority. She is filling a vacancy created when D. M. English was elected to the City Council. English had to resign the ward position to take the position of the council. Also, P. Crook was reappointed as building inspector. He issues building permits, inspects construction and condemns unsafe buildings as well as a number of other duties for the city.

D. M. English was appointed to the Southeast Regional and Planning Commission to represent Elba. Actually, his name was only recommended to the County Commission, but heretofore the person recommended has gotten the appointment.

A letter from the Fire Department was read to the council. It praised the two police officers who were recently commended for their efforts in saving the life of a rural Coffee County man, but requested that "the Mayor and City Council instruct the proper authorities to always promptly inform the Fire Department of all fires and emergencies." There was some discussion on this matter, and some details about the case referred to in the letter. The council was told that off-duty police rescued the man, and there was no need for the Fire Department, and no call was ever made to the Police Department asking for the Fire Department. The latter statement was in response to a statement (or question) about the police checking a fire before the firefighters are called. (The police were the firefighters for a short time six or eight years ago and the idea just will not go away.)

The council discussed the proposed new county jail to be built in Elba. Reports had reached the county commissioners that the City of Elba was demanding a clause that the land revert to the city if no jail was built, the old jail and \$16,000 to move the equipment from the site. The council did request the revert clause, but declined to ask for the other two conditions. The next meeting of the city council will be held on Tuesday, October 19.

Light Bill Increase Voted

A rate increase of about 25% has been added to the bill to continue the utility operation.

The increase from Alabama Electric was caused by an increase in the cost of electricity purchased from Alabama Power Company. Alabama Power sells electricity to the co-ops and their rate increase was approved by the Federal Power Commission in Washington, and the decision held up in court.

This increase is not a surprise to Elba residents, as the required increase was reported in this newspaper several weeks ago. It is some lower than the estimate given earlier, and board officials express hope that the increase will be enough to pay the operating expenses.

COMMISSION PROMISES SETTLEMENT ON COURTHOUSE-JAIL CONTROVERSY

The Coffee County Commission met in regular session on Monday, October 11, at the Courthouse annex in Enterprise, and after a lengthy discussion, promised to take final action on the courthouse and jail controversy at their next meeting.

The next meeting will be at 10:00 a.m. on Monday, October 18, at the Courthouse annex in Enterprise.

The meeting's first order of business was to hear a complaint by Mrs. Sue Patterson of Perry's Store Community on condition of the road passing in front of her residence. Mrs. Patterson told the commissioners that when it rains, the school bus will not go down the dirt road, and that it is impossible for the residents who live on the road to get out. Mrs. Patterson requested the road be paved, but added any immediate help would be appreciated. County engineer Bernard Richburg promised immediate relief, but expressed doubt on being able to pave the road.

Representative Jimmy Holley was next to address the commission, & the Elba jail.

He is talking about two things -- 1. He wants the commission to concur with his bill, and 2. He wishes us to wait on actions concerning the jail.

Whitman added, "The commission has already voted to seek a grant to build a new jail in Elba. We only have a limited amount of time to apply for the grant, and we proceed immediately!" The matter concerning the jail in Elba has already passed and has been taken care of.

In closing, Mr. Whitman stated, "We need to move ahead with the application. It won't interfere with Mr. Holley's proposed action."

Holley again spoke and asked County Attorney Braxton Rowe what would happen if the county went ahead right now and built a jail in New Brockton.

Rowe told Holley that it couldn't be done legally. "The law says a jail will be built at the site of the courthouse," stated Rowe.

Holley again spoke, saying "Economic reasons dictate not building two jails before the people decide where the court-

house should be built."

Continuing, Holley asked what was in New Brockton the courthouse should be built, and was told by the commission to simply say within a one-mile radius of the Farm Center.

Commissioner Smith made a motion to bring in the regional planners to do a cost survey of building a courthouse and jail in each proposed site. Beckham seconded the motion, but it was defeated by a 4-2 vote.

Judge Sawyer told the commission it must decide where it will borrow money to build the jail.

Elba High School announces that homecoming has been set for the Elba ballgame, October 22. The honored class will be the "Class of '46". All organizations interested in being in the homecoming parade, contact the Elba High School Student Council by October 19. The parade will begin at 1:45 Friday afternoon, October 22.

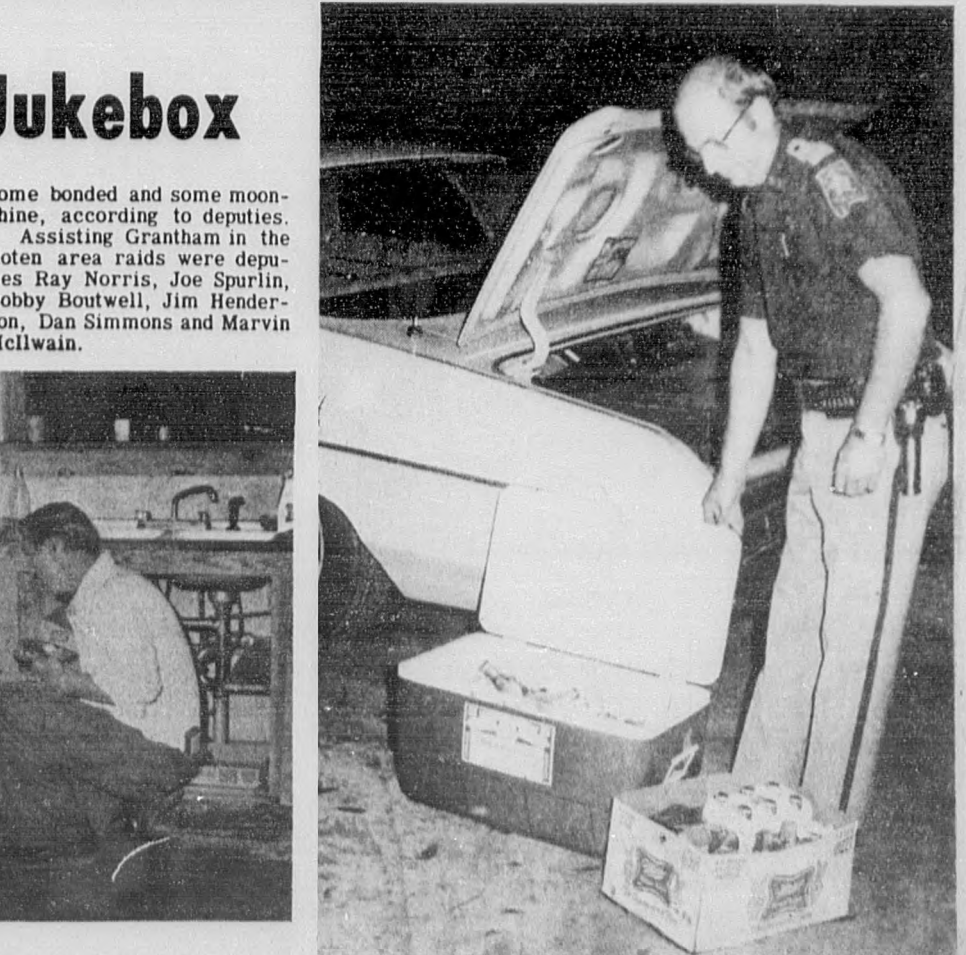

Raid Nets Whiskey, Beer And Jukebox

A dual raid Friday at 6:10 p.m. by the Coffee County Sheriff's Department resulted in several arrests and charges of illegal alcoholic beverages for re-sale, operating a gambling house, and gambling. The arrests were made at the home of M. D. Lee and the home of Neil Newsome, according to Sheriff Neil Grantham.

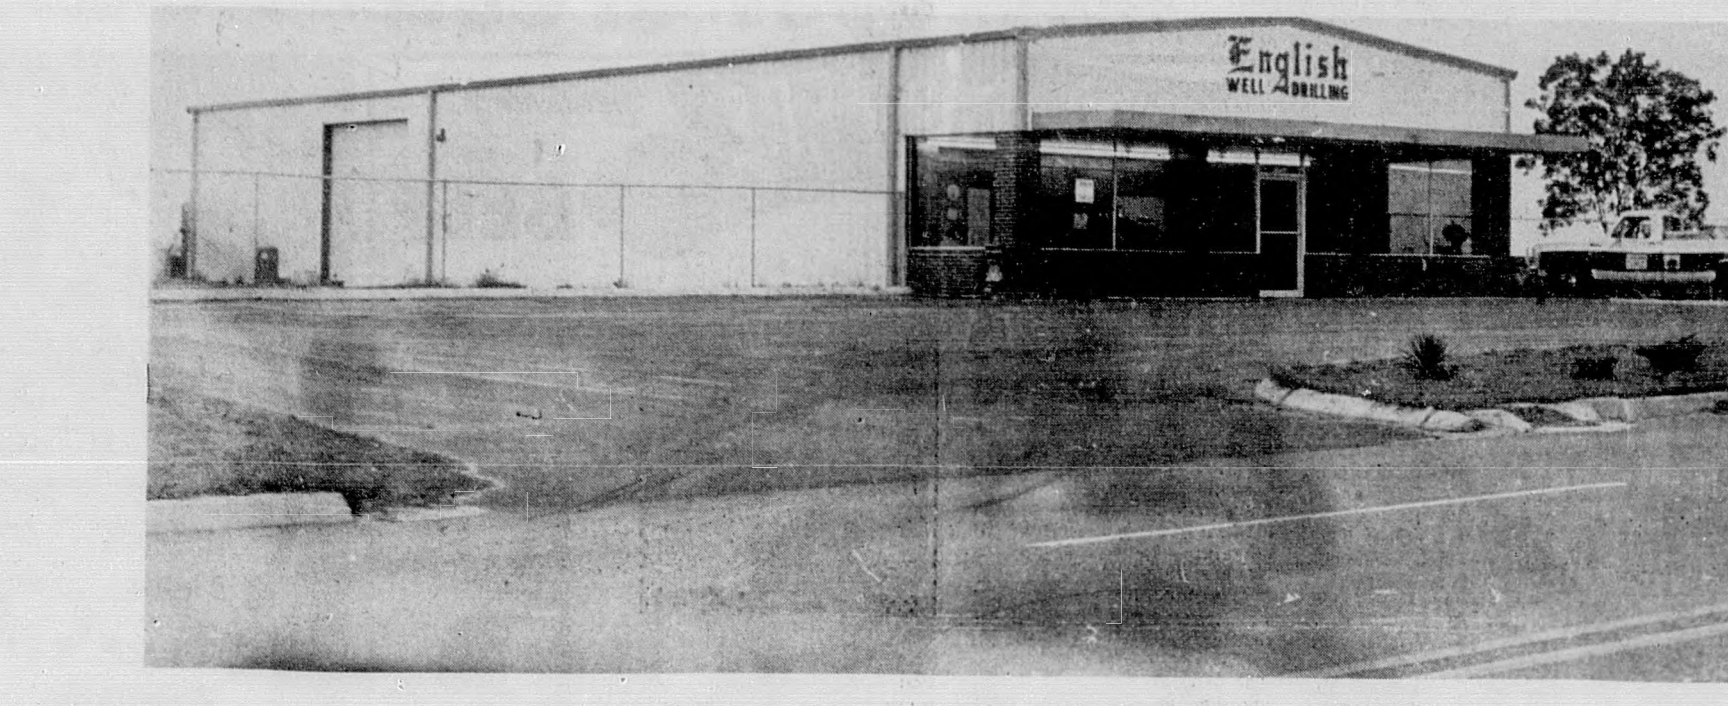

Both M. D. Lee and Neil Newsome were charged with possession of illegal alcoholic beverages for re-sale. Others charged in the raids include Dixie Chappell and Willie C. Rogers.

A juke box was taken from one of the Neil Coffee County houses, along with a large amount of beer and several bottles of whiskey and wine.

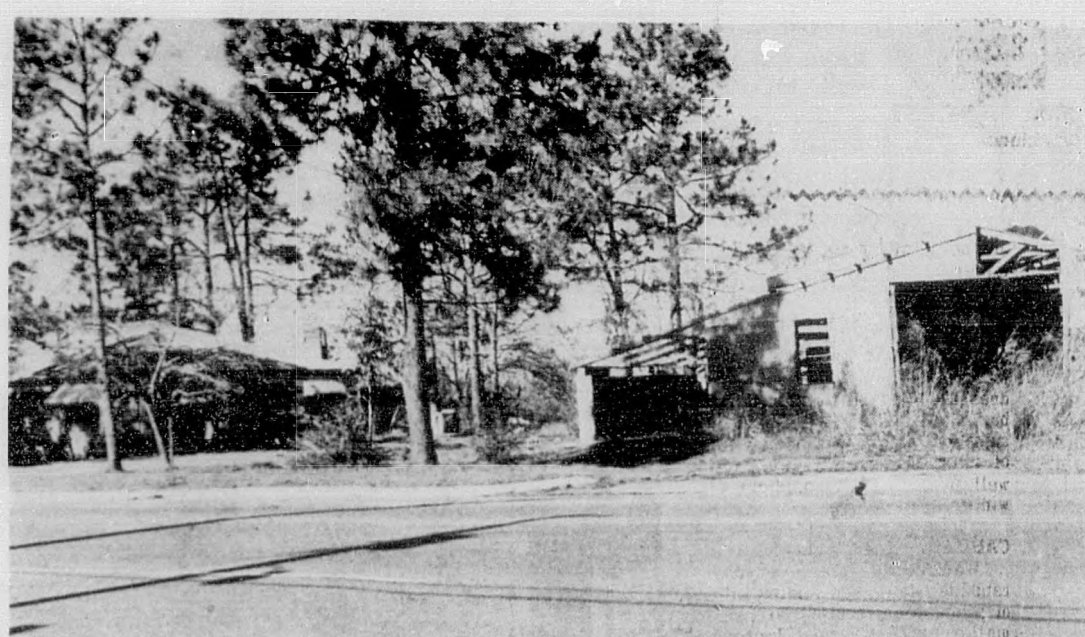

Morris prepares to move juke box. Melvin and Grantham collect whiskey & beer. Ray Norris checks cabinets. Empty cans and bottles abound in and around one of the houses. Dan Simmons leads beer taken in raid.

PROGRESS

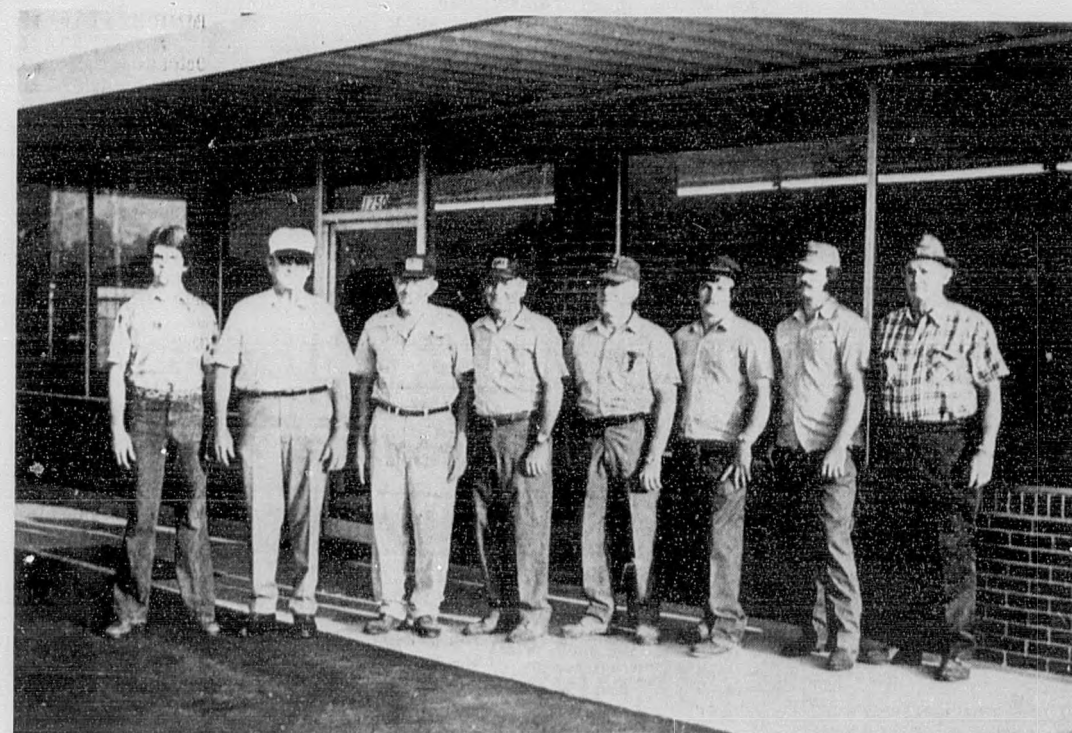

We Are Proud Of Our Recent Contribution To The Ever Growing City Of Elba

We recently completed our fine new facility located on the Opp Highway after removing the old block house and storm and age damaged barn.

The Agriculture Conservation Program (ACP) for 1977 will begin in Coffee County on November 1, 1977 ending November 30, 1978. R. L. Day, Chairman, Coffee County ACP

Cards Of Thanks

I wish to thank everyone, especially Dr. Cooper and the nurses, for the kindness shown during my stay in the hospital. To my friends, I say a special thanks for each visit. May God bless you. Mrs. Bernice Moore 10/14/76.

We wish to thank all the friends and neighbors, also Dr. Cooper and the hospital staff and nursing home who were so kind during the sickness and loss of our loved one. The family of Malgram Harrison 10/14/76.

To the Jones and McCollough Families: Thanks for the contribution given to the Pleasant Primitive Baptist Church and the nice clean-up job you did when you used our church and grounds for your reunions. Elder F. W. Parrish 10/14/76.

The family of Mrs. Oma Vaughan wishes to express our deepest appreciation to our many friends, neighbors and relatives for every expression of sympathy and kind thoughts shown during the illness and death of our loved one. Thanks for the visits, food, prayers, calls, beautiful flowers, cards, memorials and all other acts of sympathy expressed. Each gesture of love and sympathy will be held in our memories forever. God Bless each of you is our prayer. 10/14/76.

COFFEE COUNTY
By Tom Casaday, County Extension Chairman

SMALL GRAINS
A lot of small grains are being planted now for grazing and cover crops. Rye is by far the most popular. Our recommended varieties are Accoo 811, Gurley's Grazer 2000, McHarr Vis Grass, Weser, and Wren's Abruzzi. Our recommended wheat varieties are Blue Boy II, Coker 68-15 and Wakefield.

Not many people plant oats, but some growers have good success with oats in years when the weather is not too severe. Recommended varieties of oats for Coffee County are Coker 227, Elban, and Florida 50.

4-H LEADERS
A good delegation of Coffee County 4-H volunteer leaders are planning to attend the annual 4-H Leadership Conference held at Rock Eagle, Georgia. This 4-H conference facility is probably the finest of its kind in America. About 600 leaders from 16 southern and border states will be attending the five-day seminar. The conference is set for the week of October 18.

We are not sure of just how many will go. However, the following leaders have expressed an interest in attending: Charles Folkes of Mt. Pleasant, Margie Harrison of Goodman, Jo Ann Harrison of Goodman, Julia Roberts of New Brockton, Carmel Rhodes of New Brockton, Reba Allen of New Hope, Jan Bass of New Hope, Pam Sheffield of Kingston, Randy Wilson of Zion Chapel, Stephen Noy of Enterprise, Charles Ray of Elba, Charlotte Lumsford of Kingston.

PESTICIDE SAFETY
If folks could undo their mistakes there would not be such a need to be careful. However, pesticide poisoning occurs throughout the country, sometimes with devastating results. People of all ages have died due to someone's carelessness with pesticides. For example, a material named Parquat is extremely deadly. There is no antidote for the pesticide Parquat. Parquat is used to control weeds and grasses in corn and other uses.

One thing that Coffee County farmers can do is to keep up all of the used containers and bring them to the sanitary landfill in New Brockton. Either this or bury them properly on your own property.

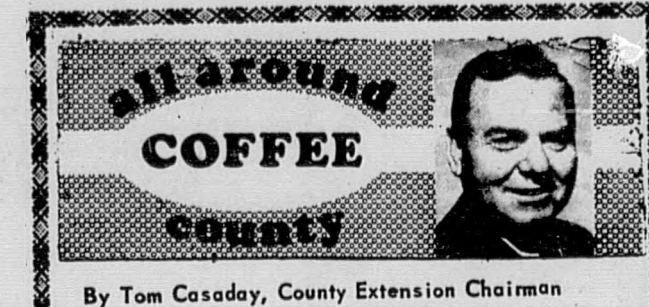

You never can tell when young children will be around your place, and they could take a teaspoonful of some of these brightly colored chemicals. It is so much better to go ahead and do those things which you know need to be done.

SOIL TESTING
The most successful peanut growers I know of are those who build up the fertility of their land a year or two before planting peanuts. For example, the top 106 of 116 peanut producers in Coffee County will soil test in October and November and ask for ration fertilizer recommendations. On a particular field to be planted in corn in 1977 and peanuts in 1978, they will apply

Public involvement is crucial to the conservation and protection of this nation's natural resources. Mel Davis, Soil Conservation Service administrator, said in an editorial in the September issue of Soil Conservation magazine, "We've long sought widespread participation in conservation programs. Without it, this agency under the Department of Agriculture would not exist. Nearly all the programs we administer require the voluntary cooperation of private landowners and state, county, and municipal governments."

The Soil Conservation Service is a public trust and has a responsibility to assure that valuable resources are protected. "At the same time," Davis said, "SCS has a responsibility to give voice to everyone who has an interest in these resources."

Davis stated positively that it's not enough to post a notice, hold a hearing or send out a questionnaire. "We need—from

By Tom Casaday, County Extension Chairman

most of the fertilizer to the 1977 corn crop. This is an excellent way to build up the fertility ahead of time for peanuts.

Research which has been going on over 60 years clearly demonstrates the importance of building up fertility for peanuts and soybeans over a period of years. Farmers can certainly bring much more precision into crop fertility needs by soil testing and following recommendations.

IRRIGATION
Dr. Larry Curtis, our new irrigation specialist, will meet with us at the Farm Center in New Brockton at 9:00 a.m. Tuesday, November 2. He will be able to answer a lot of questions that Coffee County farmers have about irrigation.

Curtis worked for 10 years in southwest Georgia as irrigation specialist with the Georgia Extension Service. A man with his knowledge and his interest and ability will certainly help our growers make a decision on irrigation.

We certainly want to invite us, tractor dealers, fertilizer dealers, crop suppliers of all types and farmers to attend. The program will begin at 9:00 and should be over by 11:30. In this 2 1/2 hour period a lot of folks can get many of their questions answered.

On Tuesday afternoon, November 3, Dr. Curtis will be visiting with individual farmers in the county helping them make a decision on the most appropriate type unit for them. Please mark this date on your calendar if you are interested.

CHOOSING HOUSEPLANTS
Want to perk up your home during the cold winter months with some fresh, attractive looking houseplants? Greenery can add a lift to your home—but only if you shop carefully. You can get awfully confused walking around a garden store or plant nursery. But, don't choose the first pretty plant that catches your eye. It's just as important to evaluate and inspect a plant before buying as it is to carefully look over a home appliance or garment. Usually when you buy a cheap plant, you get little in return.

Mostly grown branches usually lead to somewhat "leggy" growth, which will make the plant look unattractive as it gets bigger. So, choose a compact plant. Also, don't buy plants with improperly shaped or discolored leaves. Excessive yellowing is a symptom of a checking look for mechanical damage to the leaves, trunk and branches. Roots should be well distributed throughout the soil

and not growing out of the container. One final, but very important point -- make sure any plant you buy will be able to survive where you plan to put it. For instance, if you want to dress up a dark corner, don't buy a plant that needs lots of sun. And plants that need a lot of humidity will don't do well in the dry atmosphere of winter homes.

CABBAGE SLAW
Want to dress up everyday cabbage slaw? Try adding bits of pineapple or cut-up marshmallows for extra interest. Instead of pineapple, I also like very small bits of chopped apples.

IMMUNIZATION
It's hard to believe, but October with its colorful leaves and cool nights is here already. But October means more than fall and football games -- it's National Immunization Action Month.

This drive aims to have all children immunized against seven potentially serious, but preventable childhood diseases -- polio, measles, mumps, rubella (German measles), tetanus, diphtheria and whooping cough. Contrary to popular opinion, these diseases aren't a thing of the past—they are still around and strike many children every year.

Unfortunately, the percentage of immunized children has been declining in recent years. And this could lead to outbreaks of these illnesses, with serious consequences for many of our young victims.

So, parents, check your medical records to see if your children are fully protected against these diseases. If they're not, or you're not sure, contact your local health department or your family doctor at once.

POTATOES
Potatoes—they're so tasty and can be fixed in countless ways. They're also in abundant supply. Potatoes, besides being so good tasting, are nutritious. To protect your Vitamin C and other nutrients in potatoes, cook them with their jackets on.

For a basic baked spud, rub with a little oil to soften the skin and prick with a fork. This lets steam escape during baking. Sprinkle with grated cheese or spread with sour cream and chives. Put back in the oven for 10 minutes or until they're lightly browned.

COFFEE CONSERVATION
BY: Hughes Clark & Faulk

The agency came into being because the public demanded that something be done about the damage from dust storms and erosion in the West. The agency works with conservation districts, watershed project sponsors, and resource conservation and development committees in carrying out conservation programs.

"Yet, an even broader base of public participation is needed in natural resource allocation," Davis affirmed, "and it's a challenge we are going to meet."

An agency of the government cannot guarantee the wise use of America's natural resources. "But," Davis concluded, "it can be assured through what we encourage: full public involvement in determining how resources will be used."

4H Club Report

Hi!
I'm Tim, your 4-H reporter for Rev. Hammonds' 7th grade 4-Hers.
On Thursday, October 7, 1976, we elected officers. They are:

Bishop's Hour To Include Deaf Feature

The beginning of the ninth television season for the Bishop's Hour is announced by the United Methodist Communications Office for Birmingham area of the United Methodist Church. The Bishop's Hour is a half-hour television program shown eight months of the year -- October through May -- on prime time television.

Bishop Carl J. Sanders, episcopal leader of Alabama and West Florida Methodist, is the featured speaker on the Bishop's Hour. "Questions People Ask" will be the theme of his messages in this series. "Are You Running Out on Life?" is the subject of the October program.

An interpreter for the deaf is a new feature of the 1976-77 series. Mrs. Connie Barnes, a teacher in the Alabama School for the Deaf, Talladega, Ala., and a member of the First United Methodist Church, Talladega, will be interpreting Bishop Sanders' message to the deaf community.

"We are excited about this ministry to the deaf," says the Rev. Robert F. Storey, director of United Methodist Communications. "We are happy to have Mrs. Barnes on the program and invite the large community of deaf people in Alabama to view the telecast."

This program is telecast over several stations in Alabama and parts of Georgia, Florida and Mississippi. Please check your television logs for time and station.

THE FAMILY LAWYER
 by Will Bernard

Squabble in Church
 Church officials, investigating one of its congregations, decided that the deacon had been fishing money from the membership. These findings they published in a church bulletin.

Further inquiry, however, showed they were wrong. The deacon thereupon filed suit against the officials for defamation of his character.

At the trial, the defendants protested: "We admit we made a mistake. But it was an honest mistake, motivated by the best of intentions -- the kind of mistake anyone might have made."

The court decided this was an adequate defense and turned down the deacon's claim. The court said the law recognizes a "qualified privilege" to make false statements if the intentions are honest and the kind of mistake anyone might have made.

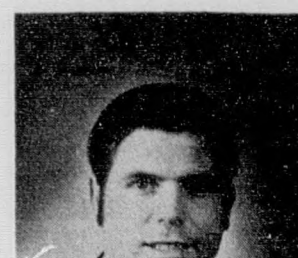

Generally speaking, this privilege extends to all communications within an organization about matters of mutual concern. Intended to encourage freedom of discussion, it applies not only to churches but also to such organizations as labor unions, educational associations, and lodges.

However, the privilege does not reach beyond the range of legitimate group interests. For example, during a church picnic, one man confided to another that a certain young woman in the congregation was guilty of immoral behavior. This story (also untrue) got back to the young woman, who used her defector for defamation.

REV. ROBERT DAVIS

Oldest Church In County To Host Session

Coffee County Baptist Association's oldest church will be the location for the 69th Annual Session on October 21.

The annual homecoming and 7 shape singing will meet at Brookside Methodist Church, 6 miles east of Opp on Sunday, October 17. Everyone is invited to attend and help make this a good day.

The only way you can express thanks to God is to be a faithful Christian. He has saved and not a member of his church is like the nine lepers who did not return to Christ. To be a church member and not be faithful is to be ungrateful. You have no Christian influence on your family or friends. Do you not want your life to count for God? Then return and express your gratitude to God by your actions.

Basin Home Garden Club Plans Lecture

Basin Home Garden Club is sponsoring a "qualified" program in the educational department of the Basin Baptist Church, October 20th at 2 p.m. Betty Woodman of the Basin Baptist Church will present and slides. The public is invited.

FAIR PLAY. Some people think the Post Office should pay its own way because it imposes specified charges on identifiable patrons. The Department of the Interior imposes specified charges on those who use our National Park. These charges are not high enough to pay for the entire cost of maintaining those facilities at a break-even basis. If such a policy were in effect, the usage fee might amount to \$1,000 a person.

REV. ROBERT DAVIS

Oldest Church In County To Host Session

Coffee County Baptist Association's oldest church will be the location for the 69th Annual Session on October 21.

The annual homecoming and 7 shape singing will meet at Brookside Methodist Church, 6 miles east of Opp on Sunday, October 17. Everyone is invited to attend and help make this a good day.

The only way you can express thanks to God is to be a faithful Christian. He has saved and not a member of his church is like the nine lepers who did not return to Christ. To be a church member and not be faithful is to be ungrateful. You have no Christian influence on your family or friends. Do you not want your life to count for God? Then return and express your gratitude to God by your actions.

REV. SILAS SHEPARD

DORCAS BAPTIST CHURCH

The New Hope Baptist Church is approximately 300 messengers from the 45 churches of the Coffee County Baptist Association will convene on October 21 at 6:30 p.m. in the newly enlarged and redecorated sanctuary of this historic church.

The moderator, Rev. Robert K. Davis, pastor of Elba's First Baptist Church, is completing his two-year term and will preside over the meetings.

The election of new officers will be a highlight of the session. The October 21 session will feature the missionary life of Coffee Baptists as well as the Southern Baptist Convention. In addition to the reports on Associational, State, Home, and Foreign Missions, the featured speaker for the session will be the newly elected Secretary of the Department of Denominational Church Relations of the Foreign Mission Board, the Reverend William R. O'Brien, who served as a foreign missionary for twelve years in Indonesia.

The second day's session will be held at the Dorcas Baptist Church at 9:30 a.m. on October 22. The Dorcas Church was organized in 1924. The Reverend John Mastors, student at Baptist Bible Institute in Graceville, Florida, is the pastor.

The Dorcas Church is also located in northeast Coffee County in the Chestnut Grove community.

Featured speakers for the second day's session will be Dr. George E. Bagley, Executive Secretary-Treasurer of the Alabama Baptist Executive Board, Montgomery, and the Reverend Silas Shepard, pastor of the New Hope Baptist Church.

A two-fold emphasis will be given throughout the two-day meeting and is reflected in the theme, "Let the Church Stand Up - Bold Mission Thrust!"

The twin aims are to make the gospel available to every person in the nation and world, and to give every person the opportunity of being a part of a New Testament fellowship of believers, the Church.

Not only the messengers, but anyone interested in the cause of Christ is invited to attend the annual session.

Albion Full Gospel Church Sets Revival

The Albion Full Gospel Church will begin revival services on October 18 until 11:14. The Cats are 2-0 in region play.

Kinaston went wild last week in smashing Pensacola Rebels' 6-0. Somebody should tell the Bulldogs that a second-year team isn't supposed to score that many points.

New Brockton fumbled 10 times in losing to Ft. Deposit 34-14. The Gamecocks are good, but just can't get any consistency.

Zion Chapel remained winless by losing to Goshen 34-0. The Rebels try as hard as anybody, but simply don't have the talent to be big winners.

Left Davis toyed with Alex City last week to the tune of 40-0. I'm picking the Vols to win the State 4A crown.

Clio wrapped up a playoff berth by edging Louisville 6-0. The Yellowjackets are 7-0 and have a good shot at a 10-0 season.

Ashford got roughed up by Andalusia 47-13 last week. Ashford is finding out what it's like to play 3A football.

ROUND-UP

ZION CHAPEL HOMECOMING COURT

(L-R) PATTY FLOWERS, DONNA PETTY, QUEEN SHERRY ZIGLAR, MARGARET PYFROM, MELINDA NELSON.

Kinston Goes Wild, Routs P.L.A. 66-20

The Kinston Bulldogs claimed their second win of the season last week by demolishing Pensacola Liberal Arts 66-20. The win ups Kinston's record to 2-4.

Pensacola received the opening kick and wasted little time in moving in for a score. The P.L.A. failed, but with only minutes gone in the game, the visitors led 6-0.

Kinston knotted the score on their initial play from scrimmage, when senior running back Max Farris raced 52 yards for a score. Randy Parker ran in the two-point conversion to give the Bulldogs the lead at 8-6.

Pensacola again marched toward the log cool line, but Kinston's defense made a gallant goal line stand on the one-yard line to stop the visitors.

The Bulldogs wasted little time in marching 75 yards for their second tally. The touchdown came on a 20-yard run by Philip McKinney. The conversion failed, but after one quarter, the Dogs owned a 14-6 lead.

McKinney scooped up a fumble early in the second period and rambled 16 yards for a touchdown. Jeff Parker added the two-point conversion to up the Kinston lead to 22-6.

The score went to 30-6 late in the half when Randy Parker ran in from 20 yards out. Parker passed to Ronnie Sanson for the conversion. Pensacola pushed across two touchdowns in the second

Kinston's Philip McKinney (25) scooped up a fumble early in the second period and rambled 16 yards for a touchdown.

half, but Kinston retaliated with five scores to claim the lopsided victory.

Scoring for Kinston in the second half was Winston Caldwell on a six-yard run, Jeff Parker on a two-yard quarterback sneak, Max Farris on a four-yard scamper, Terry Weeks on a four-yard run, and Max Farris on a 70-yard pass play from Jeff Parker.

K 14 16 22 14-66
P 6 0 6 6-20

Zion Chapel runner Corky Ward (22) is dragged down by Goshen defender.

GAMECOCKS FALL TO FT. DEPOSIT 33-14

The Ft. Deposit Red Devils took advantage of 10 New Brockton fumbles to coast to a 33-14 win over the visiting Gamecocks.

The win evens Ft. Deposit's chart at 3-3, while the loss drops New Brockton's record to 2-4.

The Red Devils cashed in two Gamecock fumbles in the opening quarter to take a 12-0 lead. Both scores came on runs by Bruce Porterfield of 30 and 9 yards.

Johnny Simmons grabbed

Rebel runner Tim Wambles (11) finds rough going against stingy Goshen defense.

Z.C. defense stops Goshen with gallant goal line stand on Rebel one-yard line.

GOSHEN RUINS Z.C. HOMECOMING, BLAST REBELS 34-0

The Goshen Eagles spoiled Zion Chapel's homecoming last Friday night by blasting the winless Rebels 34-0. The win gives Goshen a 2-4 record, while the loss drops the Rebels' chart to 0-7.

Zion Chapel received the opening kick, and moved to a first down before being stopped on a fourth down and one at the Z.C. 45-yard line.

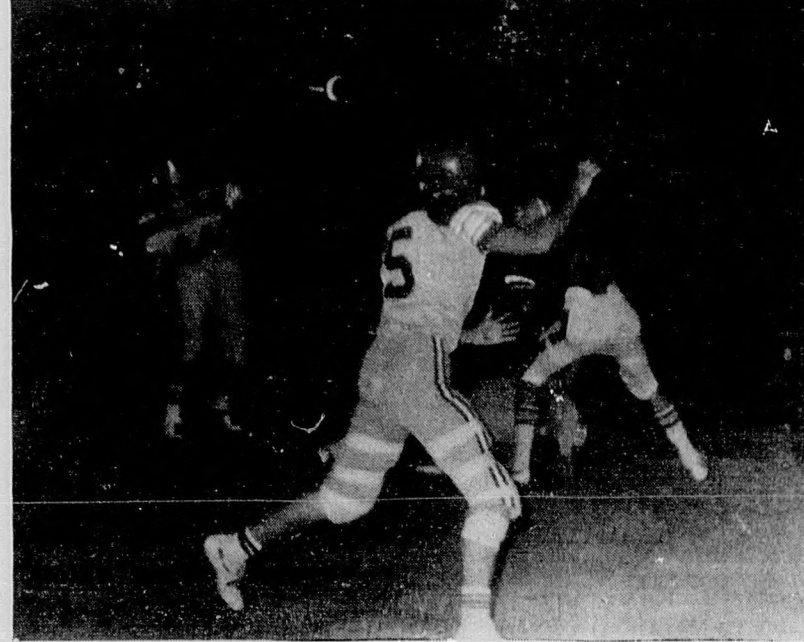

On Goshen's initial play from scrimmage, Willie R. Blackmon sped down the sideline 45 yards untouched for a touchdown. Blackmon added the two-point conversion, and with 7:47 left in the opening stanza, Goshen owned an 8-0 lead.

The two teams swapped fumbles on their next possessions, with Z.C. ending up with

the ball on their own one-yard line. The Rebels turned the ball back over to Goshen on a fumble at the Z.C. 4-yard line, and it took the Eagles only two plays to score. The conversion failed, and with 11:54 left in the half, the Goshen lead stood at 14-0.

Goshen used a pass interception at the Rebel 34-yard line to set up their final score of the half. The tally came when Blackmon bulled over from four yards out.

At the half the scoreboard read - Goshen 20 - Z.C. 0. Goshen received the second half kick, and promptly drove 65 yards in 3 plays to go ahead 27-0. The Rebels never threatened in the second half, and Goshen added a late score to make the final score 34-0.

Rebel quarterback Danny Rushing (44) lofts pass to Lee Shepard (45).

Tigers Strike Quickly - Dump Troy 28-14

Troy's Tommy Daniels (32) is stopped for short yardage by Elba's Willie Lowe (90) and Win Westbrook (20). The Tigers held Troy runners to only 3 yards rushing in the game.

The Elba Tigers struck quickly for two touchdowns Friday night and breezed to a 28-14 victory over the Charles Hendershott Trojans. The win upped Elba's chart to 5-2, while Troy dropped to 2-5 with the loss.

Elba received the opening kick and promptly lit up the visitors' side of the scoreboard. Quarterback Russ Cash ran the option to perfection, rolling to the right then cutting back across the field, outrunning everyone to the painted grass of the endzone. Kin Martin's kick sailed wide, but with only 22 seconds gone, Elba led by 6.

Lightning struck on the ensuing kick-off as Keith Maddox picked up a Trojan fumble and scampered 27 yards for the second Tiger tally. Win Westbrook waited in with the two-point conversion and Elba's lead was stretched to fourteen with the game only 32 seconds old.

Elba's defense held again and the Tigers threatened to blow the game open in the first quarter. Elba's line opened huge holes for the quick Tiger backs, but Elba failed to capitalize as a crucial fumble stopped the drive.

After two exchanges of possessions, Troy got their first break of the half. Punter Ken Martin had to fall on the ball after a bad snap from center, and Troy had a golden opportunity at the Elba 20.

Three Troy passes netted one yard and on fourth down, Elba linebacker Win Westbrook broke through and knocked down a Troy back for a three-yard loss on a screen pass halting the Trojan threat.

Neither team threatened for the remainder of the half and the Tigers still held a two-touchdown advantage.

Elba received the second-half kick and held the ball for seven minutes before turning the ball over on downs at the Troy 18. Both teams swapped turnovers as the play became ragged in the cold rain.

On the first play of the fourth quarter, Russ Cash intercepted a Trojan pass and returned to the Troy 25.

Two Johnny Dyess runs netted nine yards and on third and one at the 17, Larry Phillips rambled 8 yards to the 9. Phillips and Cash swapped four-yard carries, and on third down James Smith bulled in from the one stretching Elba's lead to 20-0.

Martin's kick was true and with 8:35 remaining, Elba led 21-0.

On the ensuing kick-off, Trojan back, Mitchell Jones, took a hand-off from Tony McGuire and rambled 45 yards for the initial Troy score. Cardwell ran over for the two-point conversion, and with 8:23 remaining, Elba's lead was cut to 21-8.

Elba failed to move following the kick and punted back to Troy. On second down at the 33, Win Westbrook recovered a Troy fumble setting up Elba's final score.

Two James Smith runs netted four yards, and on third down, Larry Phillips took a hand-off and broke several tackles at the line of scrimmage and carried three Trojan defenders into the endzone. Martin added the extra point and with 2:21 remaining, Elba led 28-8.

Troy took the ensuing kick-off and quickly drove for the Tiger endzone. Troy was aided by a 15-yard roughness penalty giving Troy a first down and goal at the Elba 9.

Three plays later, quarterback Mark Davis plunged over from the one ending the scoring for the evening. The run for two failed, and with 5:55 remaining, the scoreboard read, Elba 28 - Troy 14.

Elba ran out the clock two plays later.

Standouts on offense for Elba were Larry Phillips with 132 yards on 15 carries, Johnny Dyess with 115 yards on 17 carries, and Russ Cash with 80 yards on 10 carries. The whole defensive unit played superbly.

Mrs. Kendrick Honored On Birthday

The Senior Ladies Sunday School class of Zion Chapel Church surprised Mrs. Lila Kendrick with a covered birthday dinner last Wednesday, October 6.

The table was filled with covered dishes of delicious food, with Mrs. Annie Rugg furnishing the cake.

The day was spent in good fellowship. Those enjoying the day with Mrs. Kendrick were: Mrs. Gladys Carr, Mrs. Lena Bell Rugg, Mrs. Bert Wilks, Mrs. Sussie Edkins, Mrs. Wayne Brown, Mrs. Lela Smith, Mrs. Annie Lou Rugg, Mrs. Hazel Jackson, and David, Mrs. Lillia Hartley, Mrs. Irene Wilks, Mrs. Myrtle Flowers, Mrs. Mary Fuller, Mrs. Vera Jackson, Mrs. Myrtle McCollough, Mrs. Ruth Whitehurst, Mrs. Rosie Jackson, Mrs. Magaline Stevens and daughter, and Rev. and Mrs. Larry Gates, pastor of the church.

A fine touch for homemade cloth: season with a dressing base of herb vinegar plus celery seeds and ground mustard or basil.

Stephens, Hornsby Vows Exchanged September 11

Miss Virginia Stephens and Timothy Hornsby were married at 4:30 P.M., September 11, in the New Hope Baptist Church. The Reverend Silas Shepard, pastor of the church officiated.

Parents of the couple are Mr. and Mrs. Lewey Stephens, Jr., Elba, and Mrs. Howard Hornsby and the late Mr. Hornsby, Jack, Alabama. Guests were registered in the vestibule of the church by Suzanne Hayes and Maxine Lacey. The church was decorated with smilax, golden candelabra holding white tapers, and baskets of flowers.

The floral arrangements were made up of jack frost and tulips accented by cranberry asters and interspersed with baby's breath fern.

Music for the ceremony was presented by Lynn Hornsby, organist, and Michael Hornsby, soloist. The traditional wedding music was used.

Given in marriage by her father, the bride wore an off-white dress of puffed gaze with cape sleeves and an overskirt pointed front and back. The sleeves and overskirt were bound with deep lace in deep color. She carried a short, quiet of eucalyptus buds and baby's breath.

Lucia Stephens, sister of the bride, served as maid of honor. Other attendants were Ann Rogers and Lisa Hornsby, sisters of the groom, and Rhonda Stephens, sister-in-law of the bride. The attendants wore identical dresses, floor length and made of cranberry polyester. They were fashioned with a yoke, cap, sleeves and tied with a self-material sash.

in the back. They carried nosegays of jack frost, mums, cranberry asters and baby's breath fern.

Helen Stephens, niece of the bride, was the flower girl and carried a dress matching those of the bride's maid. The ring bearer was Shawn Rogers, nephew of the groom.

Danny Hornsby served his brother as best man. The groomsmen were John Stephens, Brock Hornsby and Ted Fillingim.

The bride's mother wore a floor length dress of green crepe with sheer long sleeves. The groom's mother was dressed in a two piece ensemble, floor-length and made of off white satin. Both mothers wore white corsages.

A reception was held in the social hall of the church. The bride's table had a white skirt with a white organza cloth, draped at the corners and along the sides. The drape was caught in a scallop effect by bows of cranberry ribbon. A floral arrangement matched the flowers in the church. In addition to the wedding cake the table held a punch serving. Serving were Sandra Clark, Gena Kendrick, Theresa Kelley, Rachel Hudson, Jo Ann Trammell, Sharon Stephens and Faye Davis.

The groom's table had an eucalyptus cloth over a skirt and held the traditional chocolate cake with floral decorations. This was served by Mrs. Leon Hornsby and Mrs. Dan Taylor.

After a short wedding trip, the couple will live in Auburn, where the groom is attending school.

Elba Study Club Entertained Recently

The Elba Study Club met October 5 in the home of the hostess, Mrs. Durrell Hudson with Mrs. F. H. Brunson as co-hostess.

The members were served an attractive and delicious dessert plate of strawberry delight with coffee.

President, Mrs. Herbert Bailey, called the meeting to order. The members read the Club Motto. Mrs. T. D. Kendrick called the roll and read the minutes. The following ten members were present: Mrs. Herbert Bailey, Mrs. J. M. Kinney, Mrs. M. O. Brueckner, Mrs. Price Ringo, Mrs. W. H. Taylor, Mrs.

H. P. Crook, Mrs. T. D. Kendrick, Mrs. Oswald Dowling, Mrs. Durrell Hudson and Mrs. John D. Lowery.

Mrs. Price Ringo gave the Treasury report. The nominating committee gave a report and at this time Mrs. Durrell Hudson graciously accepted the office of Vice President of the Club. Chairman of program committee, Mrs. Price Ringo announced that Mrs. J. M. Kinney would present "One Woman in Entertainment", which was the life of Katherine Cornell (The First Lady of the American Stage). The biography was written by Gladys Malvern. This sketch delighted the listeners with

deep interest as it was charmingly unfolded in such manner that one could truly appreciate the persistent courage and perseverance possessed by the actress.

The Club adjourned to meet again November 3rd.

Personals

Mr. and Mrs. L. C. Sharpless had as their weekend guests, Mr. and Mrs. Dudley D. Reeves of Merritt Island, Fl.

The Reeves' also visited in the home of Mr. and Mrs. Ed Woodham.

Also, Mr. and Mrs. Hoy Jackson of Gulf Breeze, Fl., were recent guests in the Sharpless home.

Miss Donna McCollough, daughter of Mr. and Mrs. Grady Thomas, Elba, was selected to become one of the 46 pledges of the Epsilon Zeta Chapter of Alpha Chi Omega at Auburn University.

Sharon Henne of Elba has enrolled as a freshman at Huntingdon College in Montgomery for the 1976-77 academic year. Sharon is the daughter of Mr. and Mrs. Edward D. Henne of Elba.

THE LADY TINKER

FURNITURE PROTECTORS!

If you have to move patio furniture that has metal runners, try using old garden hoses as protectors. They make for much less wear and tear on the furniture and on the patio.

Miss Alice Brunson To Marry

Mr. and Mrs. William Lister Brunson of Elba announce the engagement of their daughter, Alice Ann, to Thomas Norman Maddox, son of Mr. and Mrs. Jesse Cephus Maddox of Rt. 1, Andalusia.

The wedding will be December 17 at the Elba Church of Christ.

The bride-elect is the granddaughter of Mrs. John Wiley English and the late Mr. and Mrs. William Matthew Brunson, all of Elba. She is a graduate of Elba High School and is now a Junior in the School of Community and Allied Health Resources at the University of Alabama in Birmingham, majoring in Medical Record Administration.

Grandparents of Mr. Maddox are the late Mr. and Mrs. William Donald Bulger of Rt. 1, Florida and the late Mr. and Mrs. Francis General Barlow Maddox of Elba. The groom is a graduate of Florida High School and the University of Southern Mississippi. He is currently serving as director of Bands at the Enterprise High School.

BPW Promotes Girls Ranch

The monthly meeting of the Business and Professional Women's Club was held on Monday, October 11, 1976 at Ashby's Restaurant. President Mable Lawless presided and welcomed the members and guests. District II Girls Ranch Chairperson, Mrs. Jerry Ferguson, a house parent, who shared some of the highlights of 'parenthood' of active teenagers.

In the business session, plans were made to attend church services at White-water Baptist Church on Sunday, October 15, a road block was organized for Oct. 23 to collect funds for the celebration of NBW Week.

The program promoted the Alabama Sheriff's Boys and Girls Ranches. Girl Ranch Chairman Sybil Stivers introduced Mr. Bill Shaw, Director of Development for

the Al Sheriff's Ranches. He presented the basic functions and operations of the ranches and told of real human interest situations that occur within the lives of the boys and girls. Mr. Shaw presented Mr. Jerry Ferguson, a house parent, who shared some of the highlights of 'parenthood' of active teenagers.

HEALTH FOR ALL

Yesterday, most Americans died from sudden, short-lived diseases. Only a few died from chronic diseases. Only a few died from tuberculosis or pneumonia. But today most people die from diseases that last for years.

American medicine has not adjusted to the reversal, says Dr. Donald Young, Medical Director, American Lung Association. The system, he says, is a better position to take care of the patient who is so incapacitated that he has to be in a hospital bed than the patient who is ill but more or less able to go about his normal business.

Chronically ill patients now constitute about 65 percent of the people who are ill in this country. But few medical people are trained in long-term management of chronic illness or in home care. The number of general practitioners who once helped patients adjust to increasing disability is diminishing steadily.

Part of the problem, says Dr. Young, is the system itself. The system is passive; it does not go into action until a patient visits a physician or clinic. By this time, the illness, such as emphysema, which takes years to develop, may be far advanced. Care is not possible for most chronic diseases; treatment is aimed at relieving distressing symptoms, such as breathlessness in emphysema.

Dr. Young recommends various ways the medical system can reach out to people to change their lifestyles and thus prevent the "man-made" chronic diseases that are caused by CIGARETTE SMOKING... OVEREATING... OVERDRINKING... LACK OF EXERCISE... AND... ENVIRONMENTAL POLLUTION OF AIR AND WATER.

For information about lung disease, write to the Alabama Lung Association, THE CHRISTMAS SEAL PEOPLE, BOX 104, Dothan, AL 36001. IT'S A MATTER OF LIFE AND BREATH.

Class of '71 Mokes Final Reunion Plans

The class of 1971 of Elba High School has finalized plans for their reunion. It will be held on Friday night, October 22, 1976, homecoming for the Elba Tigers.

All original plans are still in effect. If anyone wishes to attend and hasn't made arrangements, contact Jan Smith at 807-4146.

Two Elba residents who are students at Huntingdon College in Montgomery were recently elected to offices of Chi Omega Fraternity.

Judy Lee, left, a junior, was elected treasurer. She is the daughter of Mr. and Mrs. John Glen Lee of Rt. 5, Elba.

Wilma is a sophomore majoring in business at Huntingdon College and is the daughter of Mr. and Mrs. Kasper W. Anderson of Elba.

Highlights Of Trip To Visit With 'Fessor' Dixon

By: Foy W. English

On September 2, my son, Van Dixon, and I left Elba for one of the memorable trips of my life, for more than one reason. I consider "Fessor" #2 in the line of the four really great men who were most influential in my life that I got to really know, like most foolish young boys, I didn't realize my dad was #1 until it was too late. Van was named for two of these four men (Van A. Bradley and "Fessor"). Van likes to fly, he and I needed some time together, the trip was a type of reward and I wanted him to get better acquainted with the man for whom he was named and to know his entire family better.

Our entire trip was almost letter perfect and I wished that all of the Dixon's friends could have been in our shoes, the time we spent with them. You will not find your own family to be more hospitable, friendly, obliging or appreciative that you came their way. The first night we were there, we went out to eat with "Fessor" and Martha while Adele stayed with Mrs. Dixon. We returned to their home as soon as we could and had a real back home visit until about 11:00 p.m. "Fessor's" entire family is rare and fortunate. Martha is retired and lives next door, which gives her the pleasure of helping and enjoying them. Adele lives pretty near and is with them often, their two sons-in-law are more like sons, they are always together religiously and I believe they have the most love and the least friction of any family I know. We were with them most every day and the morning before we left, Mrs. Dixon took us to breakfast as her treat, we went back home with them and visited with them until 12:15.

The above picture doesn't flatter "Fessor", we made other pictures that were better, but this is the best group picture we have. He hasn't faded

in appearance too much from my viewpoint, although he has been legally blind since 1971 he finds his way around remarkably well, he tells me he feels the best he has in years, has a fabulous memory and really keeps up with the times. He has a government machine that he uses in playing any records of the Bible and reading material furnished to him such as READER'S DIGEST and other publications. "Fessor" preaches once a month and we requested that he preach the Sunday we were there. I enjoyed his sermon immensely and if you hadn't known he was blind, you would have never guessed anything was wrong with him.

"Fessor" has done exceptionally well financially, he sold a valuable piece of property in Bartlesville on 4-65, they still own three homes there, he is drawing retirement from Alabama and California, his Social Security and pension, plus the home he owns in Anaheim.

Mrs. Dixon (still Bertie Lee) is still gracious as ever, just a little older, but she still gets around remarkably well considering the physical ups and downs she has had. (Incidentally, if all of you could see the picture of her when "Fessor" was courting her, you could see why he kept pursuing her; she could have made a jackrabbit bug a bound). Mrs. Dixon's sight isn't too good, but her wit is real sharp and we had such a good time working everybody back here over, they know just about as much about what's going on here as we did.

Martha and her husband, George Halbert, are retired and are moving to Huntsville, Alabama area to continue in their turquoise business. They are to locate there, find her mother and daddy a place near them and they are all so enthused over the idea of returning to Alabama they were ready to come back with us.

Adele and her husband, Arthur Tiller, are retired and after "Fessor" marries their youngest daughter in October, (who is moving to Arkansas) they are going to travel the country extensively.

In the event some of you care to write or call: J. C. Dixon, 1408 Trenton Drive, Anaheim, Calif., 92802; phone 714-635-7914.

Martha Halbert, 1410 Trenton Drive, 714-772-4317. This was not intended as a literary gem but I could write a book on "Fessor", in my language I LIKE THAT MAN!

Conserving Energy

Tips From Whirlpool Home Economists

Every kilowatt counts... and you can help save a few right in your own laundry room by washing wisely. Since the most expensive operating cost in washing a laundry load is heating the water, here are some ways you can cut down on the hot water and still achieve the clean results you want for your family's clothes.

* Use warm or cold water for washing lightly soiled clothes (save the hot water for white or heavily soiled loads).

* Use cold water rinse for most loads. Wash full loads but do not overload. Two large loads may reduce cleaning action, causing some items to need a second wash.

* Use wash time, water temperature and cycle suitable for the load (amount of soil, color, type of fabric).

OCTOBER is BEEF MONTH in Alabama

Saluting The State's BEEF CATTLE INDUSTRY

OCTOBER has been proclaimed BEEF MONTH in Alabama and the more than 30,000 members of the Alabama Cattlemen's Association and Alabama Cow-BELLES invite all Alabamians to join with them in saluting one of the state's oldest and most important industries.

BEEF CATTLE is a billion dollar industry in Alabama and our state has more than 3,000,000 head of cattle and has grown to be a very important beef cattle producing state.

More than 5,000,000 acres of land are used in beef production in Alabama and the Alabama Cattlemen's Association has the largest Cattlemen's Association in the nation.

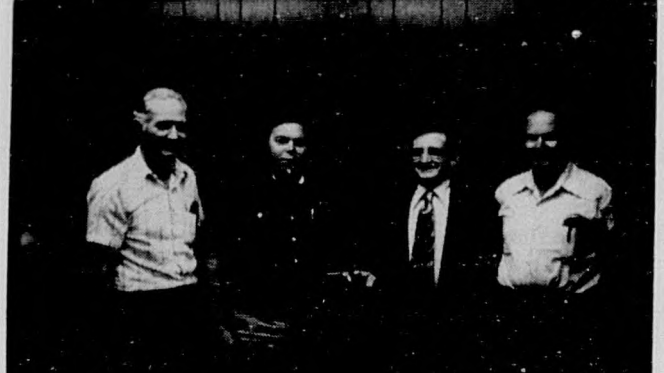

Alabamians will eat approximately 180 pounds of meat per person this year—122 pounds of this will be BEEF!

ENJOY BEEF EVERY DAY!

AMERICA'S FAVORITE FOOD

FOR 300 YEARS

ALABAMA CATTLEMEN'S ASSOCIATION

Robert Blair Retires From Dorsey Trailers

Mr. Robert T. Blair retired from Dorsey Trailers on October 1, 1976. He had worked at Dorsey for 14 years as an Assembler.

Mr. Blair is shown receiving his gold watch from Pete Dorsey, Production Superintendent. Also attending the retirement presentation were Shelby Bryan, Foreman, Pete Dorsey, Mr. Blair and Earl Twilley, General Foreman.

Major Greer With Air Force In Oxford, England

Major Charles W. Greer, T.V. 100 percent solid state, is now serving at Upper Heyford RAF Station, England, with an Air Force Communications unit. His mother, Mrs. H. L. Greer, lives on Rt. 5, Elba.

Major Greer, a maintenance control supervisor, was previously assigned to Hurlburt Field, Fla. The major received his B.S. degree in history in 1958 from Troy State College, and was commissioned in 1962 through Officer Training School at Lackland AFB, Texas. In 1975 he earned his M.S. in guidance and counseling from Troy State University at Montgomery.

Major Greer's wife, Rebecca, is the daughter of Mrs. Carrie Lord of Rt. 1, Jay, Fla.

Mrs. Patton's 5th Grade 4-H's Meet

Mrs. Patton's fifth graders started their 4-H program on October 12.

Elected officers are: President - Stephanie Smith; Vice-President - Kathy Tucker; Secretary - Gina Donaldson; Reporter - Beverly McCall; Devotional Leader - Toni Hudson.

Game Leaders - Cathy Coleman and Tiffany Harper. The members had a discussion on the duties of the elected officers.

BEVERLY MCCALL, Reporter

Easy-to-swallow pill helps bring effective relief from constipation.

If your laxative is bad tasting or hard to swallow, take Carter's Little Pills. Taking a laxative should not be a problem, so Carter's Little Pills are made tiny and easy to swallow. No messy liquids to take, nothing to clean up after. But don't let the tiny size fool you. Carter's Little Pills concentrate 10 ingredients to help bring you gentle, effective overnight relief.

And these amazing tiny pills are specially coated to pass through your stomach. Carter's Little Pills release their laxative action only in your lower tract.

When you want gentle temporary relief from irregularity, don't let it be an unpleasant experience. Take tiny Carter's Little Pills. See if they don't bring you rewarding relief.

ANNOUNCING 5-RING BINGO

THE PEERLESS GAME
FREE! FREE! FREE! ADULTS ONLY
PRIZES GALORE!

HERE'S HOW TO PLAY AND WIN

1. The game is played on a 5x5 grid. Each square contains a number from 1 to 75. The numbers are arranged in a specific pattern: 1-75, 76-150, 151-225, 226-300, 301-375, 376-450, 451-525, 526-600, 601-675, 676-750.

2. The game is played by drawing numbers from a drum. The numbers are drawn in a specific order: 1-75, 76-150, 151-225, 226-300, 301-375, 376-450, 451-525, 526-600, 601-675, 676-750.

3. The game is played by marking the numbers on the grid. The numbers are marked in a specific pattern: 1-75, 76-150, 151-225, 226-300, 301-375, 376-450, 451-525, 526-600, 601-675, 676-750.

4. The game is played by winning prizes. The prizes are: \$1,000, \$100, \$20, \$5, \$1.
